

THE GAZETTE.

MONDAY, JUNE 14.

The rain on Saturday night temporarily checked the croaking of the grain speculators that there would be no crops this year.

Mr. Cleveland's wedding cards did not say when he would be at home. If he had said "at home after March 4, 1889," he would have stated a truth.

Mr. Blaine and the civil service law are giving the democratic party a good deal of trouble. It looks as if the democratic papers will make the nomination of Blaine sore in 1888.

General Girty, of Chippewa Falls, denies the report that he is a candidate for congress. He is credited with the statement that he could not be hired to run for congress on any terms.

Ben Butler has been heard from the first time since 1884. He now thinks that the democrats are wrong, the republicans wrong, labor wrong, capital wrong, corporations wrong—in fact everything is wrong except Benjamin Franklin Butler.

Mr. Hendricks once said that Congressmen Holman, of Indiana, was worth twenty-five millions a year in this country. Mr. Holman is a great "objector," but his influence for economy was never perceptibly seen in a democratic congress.

Says a democratic paper: "Possibly the Cleveland boom will remain under cover until the time for booms to boom has come." Just how a boom that has not been discovered can be put under cover is difficult to understand. First find the boom, and then cover it quick.

While Gabe Bonck was in Milwaukee the other day, the Sunday Telegraph states that he made this remark: "It is well enough for the boys to talk about electing me governor, but it can't be done if Jerry Rusk is a candidate." Gabriel got the right note on his horn that time, sure.

The new oleomargarine law of New York provides that no person shall sell any impure or adulterated milk in the state, and that no person shall sell any article in imitation of butter or cheese manufactured of animal fats or animal or vegetable oils. It permits the sale of any harmless combination of fats, provided only that the business is done openly and honestly, selling oleomargarine as oleomargarine and not as butter.

The general industrial situation has improved, according to reports tabulated by Bradstreet's, though there are many employments still on a strike at various manufacturing centers. Of the 200,000 who received concessions as to the shorter hours with full pay one month ago, less than 140,000 retain these advantages, one-half of whom are in Chicago, and one-sixth each at Cincinnati and New York. The pressure of competition from ten-hour workers is breaking down most of what is left of the movement.

Consul Bee, of San Francisco, thus disposes of the report that he intended to send 20,000 Chinese laundrymen to Troy, N. Y. "I am tired of answering such foolish statements. I will agree to give \$500 to the boycott fund if any such post card sent by me can be found. It's a lie from beginning to end. The man who thought of it is a liar, the man who wrote it is a liar, the man who sent it is a liar, and it's a wonder the telegraph wires didn't break when it came over there. This office is no intelligence office. Why, what would you want to send any Chinese away for? Outside of the vicious and criminal class there are no Chinese out of employment. I have letters come every day from this coast asking for Chinese help. To-day 700 were wanted, 500 of whom are now work on a railroad contract. We didn't have them. All are employed now. That boycott hasn't hurt us a bit, and we don't intend to send any away at all."

A democratic paper, the Times, of Philadelphia, has this to say in regard to the democracy of Ohio:

There are democrats in Ohio with honesty and manliness enough to speak out in denunciation of the frauds which have characterized elections in some portions of that state of late. The Ohio club of Cincinnati, which represents the thirty-fourth district, has prepared a circular addressed to the democratic voters of the state asking that the party management be placed in new hands. The particularly commendable part of this address is that which denounces particularly the frauds in the democratic party. This is entirely sound. Democrats are responsible for their party and it is their business to see that it is kept clear of fraud and corruption. Whether the Ohio club represents any large body of the Ohio democrats remains to be seen, but the party wants to succeed in the future it will do well to heed the wise and honest counsel of the club.

This is a frank confession for a democratic newspaper, and it is enough to make the party organs blush with shame which have from time to time defended the democratic frauds in that state. There is hardly a state in the Union where the democratic party is more corrupt than in Ohio, and the party organs have done much to breed that corruption by upholding the disgraceful methods employed by the democracy in that state.

There is a lesson for republicans to read in the Oregon election. The state went democratic, the republicans hardly saving enough out of the failure of the campaign to keep the democrats from claiming an overwhelming victory. Why is this? The cause of this political revolution is not traceable to the fact that there are any less republicans and more democrats in Oregon than usual this year. On the contrary, the state is as surely republican this year as it ever was if the republicans had been allowed to vote for a ticket they could have

THE FIGHT ON THE TARIFF.

LIKELY TO BEGIN IN THE HOUSE THIS WEEK.

Washington, June 14.—The fight on the tariff bill is likely to begin in the House this week. The bill is now in the hands of the committee on ways and means, and the committee is expected to report it by the end of the week. The bill is a compromise between the protectionists and the free traders, and it is expected to pass the House by a large majority. The bill is a compromise between the protectionists and the free traders, and it is expected to pass the House by a large majority. The bill is a compromise between the protectionists and the free traders, and it is expected to pass the House by a large majority.

Reform is not doing a very high horse in the present democratic congress. A special from Washington says the action of the house during the last week upon the appropriation bill, which provides for the expenses of the legislative, executive, and judicial branches of the government, has been very significant, as illustrating the disposition of the democrats to make all they can out of the government. They keep up the old cry of "reform," but vote down every proposition pointing in that direction. When the republicans were in power in the house the democrats were continually trying to find a chance to cut down the salaries of republican officials; but since the democrats have got the power, and especially since the executive is also democratic, there has been a decided change, and the increase in salaries, provided on purpose to meet the democratic want, now amounts to \$46,000. While the democratic leaders are making a great spread for reform, they have refused the appointment of more employees for the house of representatives than ever before, and at the present time there are more employees in the house than there ever were since the organization of the government. All this shows how wonderful are the strides of democratic reform.

MORE ABOUT THE STATE TICKET.

There is a good deal being said about the republican state ticket, and the drift of opinion is that Governor Rusk and Secretary Timms will be re-nominated without opposition. For reasons stated in the Gazette the other day, there can be no opposition to the re-nomination of the gentlemen. They are not only thoroughly capable, but they possess special strength and will give the state ticket a sort of a boom. There can be no doubt of this, and therefore the press and the people seem to be unanimous in demanding their re-nomination.

When speaking about "special strength" in candidates, there is a strong sentiment that it will not do to overlook State Treasurer McFarland and Attorney General Frisby. Of course these gentlemen are especially strong, not only in a party sense, but in the confidence of the people of the entire state. They have assisted in making the administration of Governor Rusk an exceptionally excellent one, and as a matter of course it would be difficult to find a reason why they should not be re-nominated.

In looking over the election statistics it will be seen that McFarland and Frisby each ran about 500 ahead of the ticket in their respective counties, which are heavily democratic; and each also showed large gains over the balance of the ticket in counties contiguous to the one in which the one or the other resides. These are facts that are worth considering by republicans in all parts of the state, and especially by the state convention to which the people will look for a ticket about which there shall be no weak spots.

WINDY DESTRUCTION IN MINNESOTA.

QUINCY, Minn., June 14.—A terrific windstorm here Friday night blew down the Germania hotel, corner of Main and Third streets. There were about twenty people in the hotel at the time, and many of them were injured. The hotel was a fine building, and its destruction was a great loss to the community. The cause of the destruction was a strong wind from the west, which blew down the hotel and many other buildings in the city.

WANT ATTACHED TO SPEAK.

WILKESBORO, Pa., June 14.—John Daley, who recently abused Catholicism, attempted to preach in River park Sunday afternoon, but was prevented by a mob of 5,000, including some of the roughest elements of the city. Daley was severely injured, and the mob was dispersed by the police. The incident was a disgrace to the community, and it is hoped that the authorities will take steps to prevent such a recurrence.

DEATH OF CHAS. DICKENS' SON.

ROCK ISLAND, Ill., June 14.—Capt. Francis Jeffery Dickens, son of the late English novelist, and himself a great writer, died suddenly with paralysis of the heart at 10:15 p.m. He was 41 years of age. He was a member of the British civil service, and was well known in the literary world. His death was a great loss to the literary world, and it is hoped that the authorities will take steps to prevent such a recurrence.

LUDWIG'S AMUSEMENTS.

SPECIMENS OF THE BAVARIAN KING'S UNIQUE PLEASURES.

That Stamp Him a Fox Who May Conquer Himself on Being Altered—His Brutality to an Opera Singer—How He Took His Fun in Cold Weather.

London, June 14.—The attempt to throw a veil of romance over the crazy antics of King Ludwig of Bavaria, is regarded as amusing by those who have known of his mad brutalities for the past ten years. He was no devoted student of art with his mind fully overtaken by the excesses of his devotion. He was simply a man of common place mind, who had a taste for the more than the usual, and who was in addition to his absolute egotism, had wealth and power enough to carry out every selfish fancy of his mind. The papers are full of his madly exploded, but the papers are all under the pressure of the monarchies in which they are published, and the mad and selfish character of the incidents is glossed over. One of the things that have never been in print is as follows:

The King sent for a new soprano who had made wonderful success at Munich to entertain him with her singing at his castle at Hohenschwangau. When the singer arrived the King told her he wanted to hear her sing on the water, just at midnight. She proceeded to a shallow lake in the castle grounds and King Ludwig produced a small platform boat with a music stand, and placed the soprano in it. He then sat down in a chair and watched her. The singer was very much surprised by the King's behavior, but she did not say so. She sang for him, and he was very much pleased. He then told her to sing for him again, and she did so. He then told her to sing for him again, and she did so. He then told her to sing for him again, and she did so.

"BOODLEONY" UP IN CANADA.

A Railway Magnate's Operations in the Purchase of "Influence."

Montreal, June 14.—An action now proceeding in the superior court here is raising a good deal of interest. L. A. Boncompagni, a railway magnate who has made a good deal of wealth in his province since F. H. Archambault, a lawyer, to recover \$1,000 which he claims to be due to him for services rendered in connection with the railway. The action is now proceeding in the superior court here.

The Brazilian Prince Stricken.

New York, June 14.—The Brazilian Prince Leopoldo, who is on a visit to the United States as "duffy" on a Brazilian man-of-war, attended the dinner at which Mrs. Victoria Monck-Schilling is engaged, last week, and it is stated as falling a victim to the charms of the fair actress, of whose matrimonial escapade he had heard. The king's wife in the church, and the prince's actual permission to throw her a bouquet. Having obtained permission he stood up in his box and threw the floral offering to the stage, and it fell directly at Mrs. Schilling's feet. Attached to the prince's suite is a lady named Victoria, who is a very beautiful woman, and it is stated as falling a victim to the charms of the fair actress, of whose matrimonial escapade he had heard.

BRIEFERS.

—Good picnic weather.

—There were no signs of frost this morning.

—Remember the picnic at Pope's springs to-morrow.

—Regular meeting of the common council this evening.

—Three carloads of iron for the street railway arrived in the city yesterday.

—Children's day will be celebrated at the Baptist church on next Sunday.

—Moonlight strollers were more numerous than church goers last evening.

—The First Regiment W.N.G. will go to camp August 23d. The place has not yet been decided upon.

—Jamesville Lodge No. 55, A. F. and A. M., assemble in regular monthly communication this evening at Masonic hall.

—Regular weekly meeting of Lodge Temple of Honor this evening—crystal room in the Judd block, North Main street.

—The home of J. C. Granger, in the first ward, is now connected with the telephone exchange, his instrument being No. 101.

—Mrs. A. H. Caldwell will close her floral depot the last of this week. Parties in want of plants will govern themselves accordingly.

—The heat yesterday afternoon was so great that while the Salvation Army meeting was in progress Miss Farmer, one of the soldiers, fainted.

—The Good Templars and Temple of Honor people held a public picnic at Pope Springs to-morrow. A good place to keep cool and enjoy yourself.

—The Gazette thermometer—not the old reliable—indicated 139 in the shade at nine o'clock this morning. If this weather continues, we shall labor for a change in the administration.

—What is to prevent the common council from voting an appropriation to repair the Nicholson pavement on West Milwaukee street? There are a few holes that ought to be filled up.

—Daniel B. Ambrose, formerly a member of Co. A, 10th Ill., died at 12:30 o'clock to-day, aged 73 years. The funeral will take place to-morrow at 3 o'clock from his late residence.

—In the municipal court this afternoon a warrant was issued for the arrest of a German with a name not easy to pronounce, who it is alleged has been raising disturbances in his family for some time past.

—The Odd Fellows' picnic at Clear Lake, under the auspices of the Milton lodge, will take place on Wednesday of this week. A large delegation, from this city will join their Milton brethren on that day.

—The shower of Saturday night caused many people to violate the Sabbath by appropriating the day to planting tobacco. It is estimated that at least one hundred acres were planted yesterday within a radius of a few miles of Jamesville.

—The annual meeting of the Woman's Missionary society of the Wednesday church will be held Wednesday at 2:30 o'clock in the church parlor. A full attendance is desired. Pledges for the year can be paid to the treasurer, Mrs. Griffin.

—All who attend the picnic to-morrow at Pope Springs will have a cool and pleasant time. The committee has everything in readiness for the comfort and pleasure of their guests, and the beautiful groves surrounding the springs are ample to accommodate all.

—Messrs. Shophell & Norris, on the race, have a number of the Jackson refrigerators for sale cheap, to close out the year's stock. These refrigerators are the best in the market, and those intending to purchase will do well to call and obtain prices. They will suit you.

—This afternoon Judge Bennett adjourned court here, and this evening he goes to Monroe to preside at the law term of the Green county circuit court. When court reopens in this county Judge Winslow will probably be here to try some cases in which Judge Bennett is retained as counsel.

—Remember the Dairymaid's Festival to-morrow night. The social rooms of the Baptist church will be decorated and the Gypies will be in camp. A short programme has been prepared. The dairymaids and their grandmother giving a number. Strawberry cake, and Shurtlett's ice cream will be served to all who desire. Admission ten cents.

—Mr. J. G. Williams left at the Gazette office this morning a sample of Manchester strawberries which are large and unusually fine. Mr. Williams is picking about 1,000 quarts of berries per day, all for the Jamesville market. He has 15 acres of berries of different varieties and is recognized as the most extensive grower in this vicinity.

—The O'Connell Branch of the Family Land League met yesterday afternoon, and the following details for the picnic to be held next Thursday, were arranged. The members will meet at the rooms, over Sanborn's grocery store, on the morning of that day, and at ten o'clock will march to Wheeler's grove, headed by the Catholic cornet band.

—The graduating exercises of the Wisconsin School for the Blind will take place at half past seven this evening as heretofore announced, and all who are interested in the work of the school or who are lovers of music are cordially invited to attend. The programme to be presented will be interesting and will not be so long as to become tiresome.

—There was a nice shower of rain in this vicinity yesterday morning—commencing at three o'clock in the morning and continuing for about two hours. Considerable rain fall, and many tobacco farmers took advantage of the moist ground and sowing themselves during the forenoon in setting tobacco plants. The hot sun of the afternoon compelled all to quit this kind of work.

—Shurtlett's Easthorn is now "on the shelf" because of an accident that happened to him while out fishing. He was barefooted and while wading around in shallow water, he stepped on a large piece of broken glass. It entered his heel and made a broad gash between one and two inches deep. The wound is very painful but Dr. James Mills who dressed it says there is no fear of anything serious.

THE BOARD ANSWERS.

According to Their Side of the Story No. 131 Water Street, New York, for the week ending June 13, 1886.

—About a month ago, it will be remembered by readers of the Gazette, some of the Catholic citizens of Edgerton applied to Judge Bennett to have a stop put on the doctored exercises in the public schools of that place. An granting writ of mandamus was issued ordering the school board to either have such exercises stopped or show cause why they should not be compelled to.

To-day an answer was filed by J. P. Tow, attorney for the school board, in which a sweeping denial is made of nearly all the charges. The answer denies among other things that any children have not been permitted to follow the course of instruction or to pursue the studies desired by their parents. According to the answer no children have been required to answer the doctored exercises, reading the Lord's prayer, or join in the recitation of the bible. If the bible is read there, the attendance and attention of the pupils thereto is entirely voluntary. It is denied that any teacher has made comments upon or given explanations to any part of the bible, or that any pupil has ever been punished for refusing to take part in any of these exercises. In closing, the answer states that teachers have never been examined as to their religious beliefs, and that Protestants, Catholics, and those having no religion, are employed indiscriminately. The answer is sworn to as correct by the clerk of the school board. When the matter will come up for argument is not known, as no time has been fixed upon.

—The Milwaukee Protective Association, was having a shower with a friend last evening, he was thrown with an attempt to rise he found himself powerless, and it was soon seen that his left leg had been broken just above the ankle. Doctors were called and the young man was taken into his boarding place on High street, near the railroad. The break was rather a bad one and will keep the injured man away from his business for some time.

—While George Harris, an employee of the Milwaukee Protective Association, was having a shower with a friend last evening, he was thrown with an attempt to rise he found himself powerless, and it was soon seen that his left leg had been broken just above the ankle. Doctors were called and the young man was taken into his boarding place on High street, near the railroad. The break was rather a bad one and will keep the injured man away from his business for some time.

—In referring to the case of St. Paul paper that has been used for libel by a young lady of that city, who is aggrieved by its publication of a wood-cut purporting to be her portrait, the Chicago Times very truthfully says: "The suit will be watched with interest, and the thousands of persons who have been misled in the same way will be glad to see it result in favor of the plaintiff. Newspapers may assail moral character with a degree of impunity, but when they attack personal beauty they touch human nature on a particularly sensitive point, and it is likely to make a false start."

—Beloit Free Press: It is announced that President Chapin has tendered his resignation, as president of Beloit college, to take effect at the present college commencement. President Chapin has been connected with Beloit college since its foundation in 1847, and it is due in great part to his untiring energy and personal influence that the college has taken the high rank among educational institutions which it now enjoys. Rumor has it that his successor is to be Rev. D. Eaton, of Oak Park, Illinois, who graduated with the class of '72.

—A burglar entered the residence of Mrs. R. Lane and her son, George, about three o'clock this morning. Mrs. Lane is sick from confinement, and Mrs. Burr, her nurse, was lying on a couch near her bed, and opening her eyes she gazed directly in the face of a man standing at the foot of Mrs. Lane's bed. As soon as Mrs. Burr realized her situation, she darted towards the man intending to grab him, when he rushed out of the house. Mrs. Lane suffered a severe shock, and her physician said she could not expect to recover, no permanent injury. An examination of the premises shows that the burglar entered the house through a pantry window, after putting a large number of dishes were removed from a pantry shelf to the ground to enable the man to enter quietly. The fear doors of the house were braided open to give free exit. The thief took a few articles of slight value only.

—G. A. Shurtlett and A. Golling are in Chicago to-day.

—Mr. G. E. Byrkit, of Toledo, Ohio, is visiting friends in this city for a short time.

—Miss Hattie Alden, of Madison, is visiting her sister, Mrs. F. C. Cook of the third ward.

—S. G. Clark, of Chicago, President of the street railway company, arrived in this city to-day.

—C. E. Bowles, the real estate agent, returned home on Saturday evening from a two weeks' visit to Del Rio, Dakota.

—Mr. and Mrs. A. F. Hall, of the fourth ward have returned from St. Louis where they have been visiting for a short time past.

—Mr. Fred W. Tolles, the general insurance man of Evansville, has gone to Lake Superior to investigate the iron mines of that country.

—The members of the State Board of Supervisors—President, Charles Lumsden, Gen. C. D. Parker, General Jennings, Gen. H. M. Louis A. Proctor, arrived in this city yesterday, and will attend the closing exercises of the Wisconsin School for the Blind.

—Hon. Clinton Dabbitt, secretary of the State Agricultural society, was in the city this morning. He reports the prospects flattering for a successful fair. The people of Milwaukee are taking hold of the enterprise with considerable energy, determined to rival any previous exhibit.

—Mr. Henry L. Pitcher came up from Chicago Saturday night and will spend a day or two in the city. He is thoroughly satisfied that Jamesville is more of a town for a home than Chicago, and may be induced to return. His many friends will join with the Gazette in saying "come."

—Mr. and Mrs. E. Lowitt returned from Geneva Lake on Saturday. They report fine crops of wheat in the vicinity of Kay's Park. On Friday night about sixty small boats were anchored near bark and the sport was lively until dark. The catch running up into the thousands.

—Mr. Jonathan Maxwell, of Stockton, Portage county, who has been in the city visiting his sister, Mrs. M. Jones at the home of her daughter, Mrs. John C. Spencer, left to-day for New Hampshire, where he will spend a couple of months visiting the scenes of his boyhood. Mrs. Jones accompanied her brother, this being her first visit to her old home in forty years.

—Carter's Spruce Beer. Try a bottle of Carter's spruce beer for sale at all the leading restaurants and saloons. A nice drink for a hot day.

HORTICULTURE.

Preparations for the Meeting of the State Horticultural Society.

The local horticultural society held a meeting Saturday evening, a number of citizens who take an interest in such work being present. The meeting was held for the purpose of making arrangements for the meeting of the state society, which convenes in this city on Wednesday.

The meeting will be called on Wednesday morning, the 16th inst., at 10 o'clock, and will continue through Wednesday and Thursday. Wednesday evening a public meeting will be held, and we hope there will be a large attendance. The admission will be free, and the entertainment will consist of music, readings by Mrs. J. B. Day, and interesting papers by J. B. Day.

The committee for entertainment will consist of Mr. J. B. Day, Dr. O. P. Robinson, E. Spence, Frank S. Lawrence and J. G. Williams.

The music will be in charge of Mr. E. G. Arnold. The superintendent requests that all flowers and fruit be on the tables by ten o'clock Wednesday morning. Over one hundred dollars will be paid in premiums. Premium lists may be received from any member of the society.

The hospitalities of the citizens of Jamesville will be freely extended to the members of the society. P. W. London, the well known propagator of seedlings, will exhibit over one hundred varieties. The meeting will be one of great value to every one interested in fruit and flowers. The members of the society are earnestly requested to attend, and all persons having an interest in the horticultural products of Wisconsin, will be most cordially welcomed.

All entries will be free to members of the society. Any person may become a member by the payment of the annual dues—\$1.00 for 1886. The exhibition will be largely a strawberry exhibit, and indications point to a display of that fruit exceeding anything known in the history of the society.

The Wisconsin State horticultural meeting will open Wednesday at 10 a. m. Delegates will begin to arrive Tuesday, and as has been the custom at our June meetings, entertainment will be expected by our citizens. It is not possible for the committee to call on all, and it is urgently requested that all who can will tender to the committee entertainment for one or more delegates. Please leave your names and numbers with either one of the committee, and also be at the meeting Wednesday noon to receive delegates.

All are urgently requested to bring in their fruits, flowers, and vegetables, and make this the best display the state has ever had. The Superintendent, Jas. H. Holmes and the committee will be at the hotel ball Tuesday at 2 p. m. to assign table room and arrange plants and decorations. All articles for exhibition are expected to be arranged on the tables at 2 p. m., Wednesday, when the entry books will close. At 3 p. m. Wednesday the society will adjourn and visit the grounds of F. W. London and see the wonderful success he has achieved in raising seedling strawberries. Any of our citizens who can offer conveyance to any of the delegates will be thankfully received.

Wednesday evening will be the entertainment that none want to miss. Free to all, and worth going twenty miles on foot to see and hear.

An interesting sermon.

Last evening the Rev. Dr. Hoag continued his series of sermons on the "Life and teachings of Christ" his subject being "What was taught regarding service. One of his lessons was that our supreme service must be rendered to God alone. Christ showed that when Satan tempted him with an offer of all the kingdoms of the earth. Service cannot be rendered to two masters. God does not say that we must not help our fellow men. We must serve him as much as possible but not as masters. They are too many men who are trying to serve God just enough to get into heaven and serving mammon enough so that they will not be obliged to give up anything in this world at the same time. There are some who wish to have religion but do not want to make an open avowal of it. Christ has said "Whoever confesses me before men, I will confess him before my Father and who ever denyeth me before men, I will deny him before my Father." Service is graduated by knowledge, that is of a man has taken all reasonable means to get knowledge. Our responsibility depends upon our light.

General Order No. 2.

The members of W. H. Sargent Post No. 20 will assemble at their hall to-morrow at 2:30, sharp, for the purpose of attending the funeral of their late comrade, David E. Ambrose. By order
